

# Enfield Blue & Green Strategy

## Consultation survey - from The Friends of Whitewebbs Park

We want to understand what you think about the proposals set out in the “**Enfield Blue and Green Strategy: Valuing our parks, trees, open spaces, routes and watercourses**”.

Please complete the form before **5pm on Monday 11 January 2020**. Your feedback will help us understand what you feel about the borough’s blue and green network and how we can improve, maintain and expand it over the next ten years.

If you would prefer to send your survey via email or post, you can download a copy of the form from this web site. Please note: you can only submit the form once and late submissions cannot be considered.

If you have any further questions, please do not hesitate to contact us on 020 3821 1964 or [localplan@enfield.gov.uk](mailto:localplan@enfield.gov.uk).

Following this consultation, we will produce a statement setting out how the responses from the survey have informed the final version of the strategy in early 2021.

Your personal details will not be made public following the close of the consultation. Please let us know if you wish to be informed about the work of the Blue and Green Strategy and any further updates below.

## Vision, aims & objectives

The **Blue and Green Strategy** sets out our long-term approach to protecting, maintaining and enhancing Enfield’s blue and green spaces and routes.

Our ten-year ambition is to be the greenest borough in London at the heart of the capital’s national park (see section 3 of the strategy).

The vision has been developed from the review of baseline evidence set out in the audit of the borough’s parks, open spaces, woodlands, rivers and wildlife sites (as summarised in section 2 of the strategy).

### 2. How far do you agree with the portrait of the borough’s blue and green network and summary of the issues and challenges it faces?

## Enfield's blue & green infrastructure framework

Section 4 of the strategy identifies the key elements that make up the borough multi-functional network. This includes:

- corridors of movement (e.g. cycle/pedestrian routes and wildlife connections);
- important assets (e.g. country parks, lakes, reservoirs, rivers and tourist attractions);
- centres of activity (e.g. event venues and civic spaces); and
- areas of change where investment will be focussed to address future priorities (e.g. Edmonton, Enfield Town and Meridian Water).

This network consists of a range of different functions, locations, sizes and levels of accessibility and use, from the strategic to the site-specific level.

### 8. How far do you agree with the proposed locations of the corridors, nodes, areas of change and the emerging interventions?

Please choose an option below:

Strongly agree	
Agree	y
Neutral/unsure	
Disagree	
Strongly disagree	

### 9. Do you have any other comments on section 4 of the strategy?

Please provide relevant paragraph number(s) and figures(s) where possible

<p>Please see relevant comments in Friends of Whitewebbs Park response. Detailed liaison with Friends and community groups is required. They know their parks best.</p>
---

In addition, we have identified several high-profile projects to deliver multiple benefits across the borough's blue and green network. These are:

1. Expansion of the cycle and pedestrian network
2. Enfield Sports Village
3. Expansion of the open spaces and routes into the Lee Valley Regional Park
4. Green Loop
5. Enfield Chase
6. Grey-to-green gateways
7. Wetland and river restoration

8. Historic landscape restoration

10. If you have any comments on the borough-wide strategy projects identified in appendix 2, please use the space below.

Please see relevant comments in Friends of Whitewebbs Park response

11. Do you know of any additional sites or projects that you would like to see identified? If so, please use the space below.

Please see relevant comments in Friends of Whitewebbs Park response, particularly regarding domestic gardens, balconies, window boxes
